Warning Lights

LTE1101, LTE1101J, LTD 1101, LTE 1161

The low-noise and wear-resistant gear transmission method is adopted. The scientific parabolic reflector has a better focusing effect and can reflect light far away.

- Installation options: magnetic, bolt-on
- Speed: 90-130 RPM
- The product can be equipped with a buzzer volume: 85 dB above
- Material: Lampshade- AS Base - ABS reflector- PC
- Protection level: IP45
